Spotlight: Teacher of the Month

Wesley Park- Guitar, Piano, Drum

As a full-scholarship recipient at Pepperdine University, Wesley Park is currently completing his bachelor's degree in music at a prestigious guitar program under the guidance of world-renowned guitarist Christopher Parkening.

Mr. Wesley began his music education on the piano at an early age, then transitioned to guitar and drum studies in his teen years. He was recognized with numerous awards and prizes including being a finalist in the 2014 Pacific Guitar Competition; Second Place Winner in the 2013 ASTA/Aron Green Classical Guitar Competition; and a winner of the Loyola University First Annual

Elementary Artists Competition.

As a performer, Mr. Wesley is frequently found in the concert halls and music stages with his brother Alex Park. Together, they form a guitar duo team named "Park Brothers" performing in concerts extensively throughout the United States and also around the world including Germany and Austria.

Mr. Wesley is enthusiastic to join as faculty at MozArt Music Academy in Tarzana. He is an excellent instructor who shares the joy of playing the guitar and the piano to students of all ages and all levels.
