## SAVE THE DATE! MozArt Student Recital

On Saturday, September 15th, the MozArt Music Academy will be hosting our very first student recital. Imagine your child stepping onto the big stage to perform his or her masterpiece! It's going to be a fantastic experience. We will have two separate recitals (times to be determined) on the same day so our families can have a pleasant experience. All registered MozArt students are encouraged to participate at no extra charge. Registration forms will be available soon.

## Spotlight: Teacher of the Month

### Nicolas Repetto - Violin, Viola, Cello

Argentina-born violinist, Nicolas Repetto, is beloved by our MozArt students for his excellent teaching abilities and kid-friendly manners.

Nick earned his Master of Music degree from Florida State University in music education with emphasis on string instruments (violin/viola/cello). He has been teaching young students since 2002 providing them with positive and interactive learning experience. His adaptive teaching skills allows him to provide tailored instruction to meet student's needs. He is an expert in using Suzuki teaching method and incorporates other teaching resources appropriate for student's goals and interests.

His passion in teaching young kids led him to organize and conduct various orchestras. He worked as the director of orchestra at Ruth K. Broad Bay Harbor K-8 Center from 2003 to 2012 and received superb reviews from the community. He also served as symphony conductor at Youth Florida Symphony travelling across the country to compete in music competitions.

Most recently, Nicolas was selected to participate in the 2016 ASCAP Film Scoring Workshop with Richard Bellis where 12 composer participants are selected from 300 applicants, to study among A-List composers.
